## WHY GC CLUB?

People often ask us why we are different from any concierge service out there and the answer is simple: we are not a concierge service but a lifestyle management service. Our approach is geared on being proactive to our members' wants and needs. We don't wait for you to call but consistently seek out and build lifestyle experiences that suit you and recommend them to you as packages.

# WHAT ELSE MAKES US *DIFFERENT?*

## OUR RANGE OF ADDED VALUE FEATURES CURATED SPECIALLY FOR YOU

### EVENT CONNECT

Event Connect is our social events brand and members will be automatically invited to attend. Whether its wining and dining with society's elite, or enjoying the finest entertainment by musical legends with VVIP access, we will make sure that your experience of our events stands head and shoulders above the rest. You also get access to our network of bars, restaurants and night clubs.

## CLUBBING REINVENTED

The hassle free way.

It just might take getting used to.

*No queues*

*No parking hassles\**

*Star treatment*

*Account management*

You'll arrive at the club and have your parking looked after, just before you are whisked directly to the VVIP area without having to queue. You'll soon forget what a queue looks like.

In fact, it won't have to be via the front door as club management will have arranged for you to go via a special VVIP entrance if necessary. It's time you got treated like the star that you are.

All of your food and drinks can be placed on account if you're using our Account Management facility, leaving you to focus on enjoying your night rather than trifling about with cash or bank cards.
